📍 Lahore, Pakistan | 📞 +92 333 537 1083 | ✉ me@shehroz.pk | 🌐 www.shehroz.pk

EXECUTIVE SUMMARY

An elite, results-driven Procurement Specialist with 9+ years of heavy-industry experience directing high-cap sourcing operations, complex EPC contract management and ERP stabilisation across mega-scale construction and infrastructure sectors. Proven track record of liquidating multi-year SAP backlogs, eliminating commercial cost leakages and engineering secure supply corridors in high-risk zones. Expert in aligning brick-and-mortar commercial operations with enterprise digital frameworks; currently leveraging deep procurement logic to train, audit and condition next-generation AI-enabled supply chain automation systems.

CORE COMPETENCIES

- Strategic Sourcing & Commercial Execution: Heavy Construction Logistics, Bulk Materials (Steel, Cement, Aggregates), Site Infrastructure, Industrial Water Treatment Assets, IT Infrastructure.
- Contracts, Risk & Compliance: EPC Contract Administration, Multi-party SLA Drafting, International Commercial Terms (Incoterms), Pakistan Sales Tax Regime, FIPP Act Compliance.
- Systems & Automation: SAP Business One, SAP Ariba, FrontAccounting, Workflow Re-engineering, Chart of Accounts (CoA) Localisation.
- AI Engineering & Alignment: Large Language Model (LLM) Conditioning, Reinforcement Learning from Human Feedback (RLHF), Procurement Automation Auditing.

PROFESSIONAL EXPERIENCE

Procurement Specialist

Micro1 Inc. | Palo Alto, CA (Remote) | May 2025 – Present

- Enterprise-Grade AI Architecture: Translate 9+ years of brick-and-mortar industrial procurement logic into machine intelligence, acting as the subject matter expert for conditioning LLMs to handle complex supply chain functions.
- Simulation Training: Design, evaluate and train AI models on adversarial negotiation scenarios, dynamic supplier risk assessment models and multi-tier international sourcing analytics.
- Risk & Contract Conditioning: Audit automated contract-generation pipelines, improving model accuracy in identifying structural compliance issues, hidden liabilities and pricing anomalies.

Senior Procurement Executive

Chinoy Engineering & Construction (Pvt.) Ltd. | Lahore | Aug 2024 – May 2025

- Mega-Project Sourcing: Spearheaded the end-to-end project procurement lifecycle for the Reko Diq Mining Company (Barrick) camp site in Chagai, Balochistan.
- Regulatory & Compliance Enforcement: Implemented strict commercial compliance protocols under the FIPP Act and sales tax frameworks to secure zero-rated purchasing status on mega-assets.
- Capital Infrastructure Execution: Managed high-capital vendor engagements, including the successful technical sourcing, vendor validation and delivery oversight of a specialised Brackish Water Reverse Osmosis Plant for the project site.
- ERP Deployment: Acted as the core operational stakeholder during an enterprise-wide transition to SAP Business One.

Assistant Manager Purchase

Shahid Builders (Pvt.) Ltd. | Lahore | Nov 2023 – Jun 2024

- High-Stakes Defence Projects: Led dedicated procurement squad executing concurrent supply operations for critical, high-stakes defence and civil infrastructure projects, including WASO Mianwali, CMH Lahore, Naval Tower Islamabad and Gwadar Cantt.
- Systemic Recovery Operations: Hand-selected to audit and overhaul the company's distressed ERP architecture; successfully wiped out a chronic, two-year procurement backlog in SAP, instantly restoring real-time KPI accuracy and management reporting transparency.
- SLA Enforcement: Renegotiated delayed vendor contracts, reducing lead times for critical materials by 18% through strict SLA restructuring.

Senior Procurement Executive

Al-Jalil Developers / Lahore / Jun 2021 – Nov 2023

- Township Scale Supply Infrastructure: Promoted to the senior tier to command the end-to-end supply chains for multi-billion rupee master-planned township developments in Lahore region.
- Aggressive Cost Optimisation: Engineered a vendor rationalisation program that yielded PKR 23.6 Million in audited cost savings via strategic bulk price locks on heavy machinery, bulk construction materials.
- Backlog Elimination: Maintained a peak operational standard, permanently compressing the purchase requisition (PR-to-PO) pipeline backlog to under 2%.

Technical Purchaser

The Knights (Pvt.) Ltd. / Islamabad / Oct 2020 – Dec 2020

- Corporate Supply Restructuring: Managed purchasing operations for corporate infrastructure, IT hardware assets, and corporate service agreements.
- Process Engineering: Built a transparent, centralised vendor-evaluation framework that eliminated rogue spending and increased invoice matching accuracy to 99.4%.
- Lean Procurement: Reduced IT operating costs by 30% and capital costs by 25% through strategic procurement and asset recovery initiatives.

Procurement Officer

Haq's International / Chakwal / Oct 2015 – Aug 2020

- Category Procurement: Led 9,000+ items category portfolio, managed full spectrum S2P process.
- Tax Compliance Architecture: Successfully configured local business workflows to align seamlessly with the evolving Pakistan Sales Tax regime, avoiding regulatory penalties during major fiscal updates.

EDUCATION

Bachelor of Business Administration (BBA)

 Virtual University of Pakistan, Lahore

Core Focus: Business Administration, Operations Management and Financial Accounting.
